Version as of: August 28, 2024

1. What is the Launch Offer?

Qonto is launching its services in four new European markets:

- Austria
- Belgium
- Netherlands
- Portugal

To celebrate the launch, we are offering a limited-duration special offer (the “**Launch Offer**”) to new Customers.

2. What are the Launch Offer terms?

The Launch Offer is available exclusively to new Customers established or incorporated in Austria, Belgium, the Netherlands or Portugal and consists of free Qonto plan subscription fees (the “**Subscription Fees**”) for a specified number of months based on the onboarding timeframe (each such period a “**Free Subscription Period**”):

- **Customers onboarded from August 1, to September 30, 2024:** eligible for 12 months of free Subscription Fees.
- **Customers onboarded from October 1, to December 31, 2024:** eligible for 9 months of free Subscription Fees.

The Customer is informed that only Subscription Fees are covered by the Launch Offer. If the Customer uses services, creates cards or performs transactions not covered by their Qonto plan, Qonto will debit the applicable transaction fees and card fees according to Qonto’s [pricing terms](#).

Following the end of the applicable Free Subscription Period, standard Subscription Fees as per the Customer’s Qonto plan will apply according to the billing cycle chosen by the Customer.

3. Who is eligible?

The Launch Offer is available to business entities or freelancers legally registered in Austria, Belgium, the Netherlands or Portugal and listed in the list of accepted legal forms presented on Qonto’s legal center (available [here](#)).

The Customers must complete the Qonto onboarding process, choose a plan and a billing cycle (monthly or annual) and have their account activated within the timeframe for onboarding specified in paragraph 2 above to qualify for the respective offer (i.e. to be eligible for the 12 months of free Subscription Fees, you need to have completed the onboarding process, chosen a plan and a billing cycle and have your account activated by 23:59 on September 30, 2024).

The Launch Offer can only be used once per legal entity or per freelancer.

4. How long does the Launch Offer last?

The Launch Offer is valid from August 1, 2024, until December 31, 2024. The respective Free Subscription Periods will commence from the date of account activation, as determined by Qonto.
