

Special POS Terminal Offer for the Netherlands

1. What is the special offer?

Qonto is offering a special promotion in the Netherlands (the "Special Offer") from 16 September 2026 to 16 October 2026 inclusive (the "Promotional Period") for certain customers and new customers who do not already hold a Qonto account.

Eligible persons can benefit from a promotion on the order of a Qonto payment terminal ("Qonto POS Terminal"):

Pocket	Pro
From 99€ to 0€ (exl. VAT)	From 199 € to 0€ (exl. VAT)

Eligible persons automatically benefit from a price reduction on the Qonto POS Terminal when ordering during the Promotional Period. This price reduction is capped at a maximum of two (2) Qonto POS Terminals per organization. For each terminal model, the first unit ordered during the Promotional Period is free of charge (€0), and any additional unit of the same model is charged at the regular price (Pocket: €99 excl. VAT / Pro: €199 excl. VAT). This "first unit per model" logic takes into account any Qonto POS Terminal already held by the customer, including one ordered before the start of the Promotional Period: the €0 price applies only to a model the customer does not already own, regardless of when their existing terminal was ordered. For example, a customer who ordered a Pocket terminal on 1 May 2026 (before the Promotional Period, at regular price) will, during the Promotional Period, see the Pocket terminal offered at the regular price (since they already own this model) and the Pro terminal offered at €0 (since it is a model they do not already own). This cap and the corresponding pricing are enforced automatically. Customers on the "Starter" plan are excluded from the Special Offer. (Note: the "Starter" plan is not yet live in the Netherlands as of the start of the Promotional Period and is expected to launch on 21 September 2026. This exclusion will apply once it becomes available.)

2. Who is eligible?

The Special Offer is exclusively reserved for:

- New customers in the Netherlands representing existing businesses and subscribing to one of Qonto's plans (annual or monthly billing) during the Promotional Period;
- Existing customers based in the Netherlands who do not have a Qonto POS Terminal yet and who order one or more during the Promotional Period, as well as existing customers based in the Netherlands who already hold one or more Qonto POS Terminals but order a terminal of a model they do not already own during the Promotional Period.

The €0 price is applicable exclusively to the initial unit of each terminal model requested throughout the Promotional Period. Current clients continue to be eligible for the Special Offer regarding any Qonto POS Terminal model not currently in their possession — even when currently holding a terminal of another model. Any additional unit of a model already held is excluded from this discount; these units will be billed at the standard rate (Pocket: €99 excl. VAT / Pro: €199 excl. VAT).

3. What other important information should I know?

- Qonto reserves the right to suspend, modify, or terminate these Special Offer conditions at any time, for any reason and without notice, or to revoke the benefits of the Special Offer at its sole discretion;

- If Qonto determines that a new customer is using the Special Offer in a fraudulent, abusive, or inappropriate manner, Qonto may immediately revoke the benefits of the Special Offer and take any other measures deemed necessary;
- The Qonto POS Terminal service is subject to the eligibility criteria set out in Section 2 above and/or [Qonto's General Terms and Conditions](#), and is only compatible with an active Qonto payment account held by the eligible person in France;
- Unless otherwise specified, all other [Qonto's General Terms and Conditions](#) and [Pricing Terms](#) remain in effect.
